VALUE PCI-Karte, Parallel EPP/ECP, 1 Port

VALUE Carte PCI 1P, 1x parallèle EPP/ECP, A

VALUE PCI Adapter, 1 Parallel ECP/EPP Port

15.99.2088

Parallel 1 port PCI Card

Product Information

15.99.2088 offers 1 port of parallel for your connection need. The port provides data transfer rate up to 2.7 MB/sec. The card support 32-bit or 64-bit PCI bus with 3.3V or 5V and is readied for 64-bit system as well. It is plug-n-play capable makes installation a breeze. The card also support Re-Map to ISA address function.

FEATURES

- Support 32 bit / 64 bit PCI bus
- Universal PCI interface
- 3.3V & 5V Universal PCI
- Data transfer speed up to 2.7MB/sec
- IEEE1284 standard compatible
- Supports ECP/EPP/BPP/SPP mode
- Re-map to ISA Address 278, 378(win98,DOS only)
- Plug and Play
- Friendly Graphic User Interface
- Ready for 64 bit system
- Supports Windows, Liunx, DOS

HARDWARE
