All in one PDF creator & converter for paperless office.
Efficiently manage PDF's, images and scans

Readiris™ PDF Business for Windows or for Mac is a PDF centric manager application offering a complete set of OCR, scans and document composing ! All-in-One place. Readiris™ PDF centralizes all document manipulations in one single platform to efficiently manage PDF's, images and scans. That's the All in one PDF creator & converter for paperless office !

Readiris Business goes even beyond your needs by including key differentiator novelties such as a unique automatic document separation based on Page count, Barcode, White Page or Zonal OCR. In addition, it saves time thanks to its unique automatic document naming based on Smart zone, Barcode or Zonal Text OCR.

On top of useful PDF annotations, comments, stamps or mark-ups, you can easily merge, split, sort, convert, edit sentence or eSign your PDF's. Readiris™ PDF Business offers all importing capabilities from files or directly from any scanners along with 138 OCR languages recognition feature.

Do not hesitate longer to enjoy a new way of central productivity for your company document management needs. Readiris™ PDF Business allows you to compose your document whatever the file original format to any other format, including PDF. In other words, it is the ideal companion to build your own multi-page documents from multiple sources of paper and/or file into any office format including PDF's!
