GSK V2 ATX3.1 850W

Full Modular ATX3.1 Power Supply

Introducing our GSK V2 ATX3.1 power supply, designed with the ultimate performance and stability in mind for the gaming and enthusiast market. With advanced features like ATX 3.1, PCIe 5.1, unparalleled stability, and 80 PLUS® Gold-certified efficiencies, you can expect brilliant performance from your system. The PhaseWave™ Design ensures steady power output, while the 120mm Silent Fan offers quiet cooling. The power supply is also 100% modular, allowing for easy cable management and customization. The Zero RPM Manager enables advanced thermal control, ensuring the optimal balance between silent operation and efficient cooling. The CircuitShield™ suite of industrial-grade protections provides safe and reliable power delivery in any environment. The GSK V2 ATX3.1 is the perfect choice for building a reliable and efficient PC system for gamers and professionals alike.

- ATX3.1 & PCIe 5.1 Compatible
- High-Quality Braided Cable
- PhaseWave™ Design
- CircuitShield™
- 10-Year Warranty
- 120mm Silent Fan
- Zero RPM Manager
- Full Modular Cable Management
- Compact Size
