

Intel CPU Cooler I402.B

With the I402.B, Xilence introduces a compact and powerful CPU cooler in a classic tower design – now featuring a black 92mm PWM fan.

High-performance direct-touch heatpipes ensure efficient and even heat transfer from the CPU. The optimized fin structure enhances airflow through the heatsink, delivering strong cooling performance at low fan speeds.

The I402.B is ideal for high-performance multi-core processors and combines reliable cooling performance with quiet operation and a modern design.

Product Features

- Compact CPU tower cooler for powerful Intel multi-core processors
- Direct-touch heat pipes for efficient and even heat transfer
- Optimized fin structure for improved airflow
- 92mm PWM fan with automatic speed control
- Quiet operation with reliable cooling performance and modern design

Technical Data

Sockets	LGA 1954/1851/1700/1200/1150/1151/1155/1156
CPU max. Watt	130W
Fan Size	92 x 92 x 25mm
Fan Speed	800 - 2000 ± 10% RPM
Air Flow	65.4 CFM
Fan Control	PWM
Noise Level	14.0 - 23.8 dB (A)
Thermal Paste	✓
Dimensions (H/W/D)	130 x 93 x 75mm
Weight	335g

Logistical Data

Manufacturer Number	I402.B
Item Number	XC326
EAN Barcode	4044953505737
