

WEEE

According to the EU Directive on Waste Electrical and Electronic Equipment (WEEE - 2012/19 / EU), this product must not be disposed of as normal household waste. Instead, they should be returned to the place of purchase or taken to a public collection point for recyclable waste. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product. For more information, please contact your local authority or the nearest collection point. Improper disposal of this type of waste may result in penalties according to national regulations.

1 Plug the extender into the socket **near your router** and wait for it to boot up.

2 Pair the extender with your router using method A or B.

A Press the WPS buttons on your router and then the extender, and wait for the LED to light up.

B Connect your computer or phone to the extender's Wi-Fi and set it up in your browser. Follow the steps shown in the pictures.

3 Connect your device to the extended Wi-Fi and try accessing the Internet. By default, the password for the extended network will be the same as the original network.

Note: If you paired the extender with a "Cudy Mesh" device by pressing the WPS buttons, the Wi-Fi name will be the same as the original Wi-Fi.

4 Relocate the extender between the Wi-Fi coverage area and the area where you want to expand the Wi-Fi signal.
