About

Transmitter

Easily mirror whatever is shown on your laptop or mobile screen, ideal for watching videos, gameing and so on.

HDMI   Mirror / Pair   Reset

Receiver

Displays the content passed from your transmitter to the monitor.

HDMI   Reset

How to mirror

1 Install the receiver

Connect the Receiver to the HDMI port on the monitor, and power on by an independent power 5V/1A adapter.
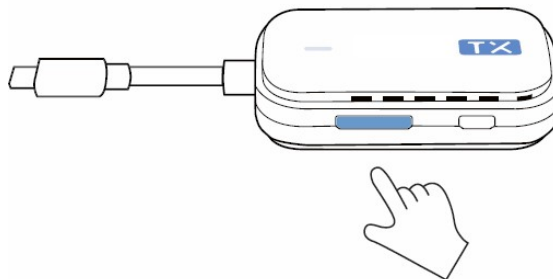

2 Plug and play

Plug the Transmitter to the HDMI port on the notebook. Wait a few seconds until the flashing light on the transmitter stops, and it will start mirroring automatically. Use the Type-C slot to connect to an independent power 5V/1A adapter.

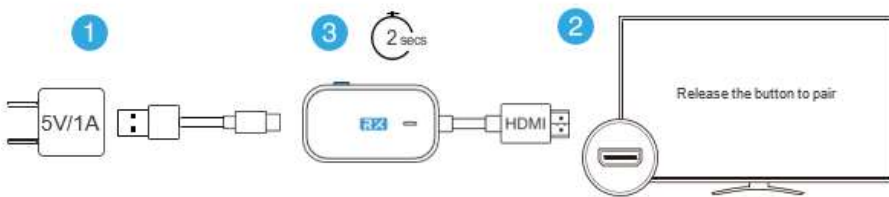

3 Stop and restart mirroring

Press the mirror / pair button on the transmitter to stop mirroring or restart mirroring.

How to pair the transmitter
with the receiver

1 Turn on pairing mode for the receiver

(1) Power up the receiver by an external adapter (5V/1A).
(2) Plug the receiver to the HDMI port on the monitor.
(3) Press the reset button on the receiver for 2 seconds. Release when the screen shows "Release the button to pair".

2 Press the mirror / pair button on the transmitter

Plug the transmitter on the laptop. Please make sure to use the Type-C connector to provide power. Press the mirror / pair button on the transmitter for 5 seconds to complete pairing while the screen shows "Ready to pair". After paired, it will start casting automatically.

Note: There are 2 modes for the reset button on the Receiver, depending on the pressing duration.
(1) Press for 2 seconds: Turn on pairing mode for the Transmitter.
(2) Press for 10 seconds: Reset the Receiver to default.
